Contact # : 0303-7886587

SUMMARY

I'm a passionate software engineer specializing in Flutter app development and backend technologies like Node.js. I enjoy creating smooth, user-friendly mobile apps and strong, scalable backend systems. My skills include designing APIs, managing databases, and ensuring everything works well together. I work well with clients and teams, delivering solutions that exceed expectations. I'm driven by a commitment to using technology for good, always aiming to develop solutions that benefit users and organizations.

TECHNICAL SKILLS

Languages: Dart, Kotlin, JavaScript

Frameworks: Flutter, Android, Express.js, Node.js

Databases: Firebase, SQLite, PostgreSQL, MONGO DB, Hive, Asar

Others: Git/GitHub, REST APIs, Third Party SDKs, Jira, Trello, CI/CD, App Store & Play Store Submittion
